Staff: Brent McLaughlin

Meeting Since Last Report:
Teleconference – June 7th

General:
Since the last report, the Course Rating and Handicapping Committee had a teleconference on June 7th. There was a full contingent from Golf Canada staff who have been hard at work learning and answering course rating and handicapping questions from the membership. There were discussions around the ESC changes, the licensing process, getting more contact with the club handicap committees, and the possible inclusion of handicap information in the ‘Easy Guide for next season.

The feedback from the National Calibration Seminar held at the Weston Golf & Country Club in Toronto May 1st and 2nd was very positive. There was some discussion about including a handicap portion for the next seminar.

Course Ratings and Handicap Certification Seminars are in full swing across the country.

Current Priorities:
To look at the effects of the changes to ESC. To communicate the findings to the membership at the end of the summer.

Work with the Membership Committee on the Non-compliance plan for 2012.

Initialize plans for Club Audits on Golf Canada Handicap System.

Working on updating the Course Rating and Handicapping Policies.

Future Scheduled Meetings:
Teleconference September 27th.

Respectfully submitted,

Allison Chisholm
Chair, Handicap and Course Rating Committee
