

# Temporary Parking Restrictions

**RBC Canadian Open Week: July 18–24, 2016**

When the Canadian Open comes to Oakville we often hear from residents about the overwhelming amount of cars parked on the roads near the Glen Abbey Golf Course. The town will be enforcing temporary parking restrictions during the RBC Canadian Open week to ensure local traffic and emergency vehicles can move safely through the neighbourhood.

**I am a resident in this area.**

**Can I park on the road during July 18–24?**

These restrictions will also apply to residents of the affected streets. We ask these residents to refrain from parking on either side of the street for the duration of the week so that their vehicles or those of family and friends do not get ticketed or towed.

**What if I am having guests or work done during this week?**

A limited number of permits for temporary on-street parking will be approved for residents in the designated area. These may be available on a first-come first-serve basis and subject to approval by Parking Operations. If you require a temporary permit for July 18–24, please visit [oakville.ca](http://oakville.ca) to complete your request online. Requests must be made three business days prior to date required. If you have guests coming to the RBC Canadian Open, please remind them to use the parking and shuttle services available. They can visit [rbccanadianopen.com](http://rbccanadianopen.com) for details.

## Parking enforcement

Emergency situations such as a blocked driveway or an obstructed fire route will be our priority. If you need parking enforcement, call 905-845-6601. Please be patient if you call for enforcement as the increased number of calls may cause some delay.

## Parking questions?

Call 905-845-6601, Monday to Friday from 8:30 a.m. to 4:30 p.m. for more information.

Thank you for your patience and cooperation while we work to keep your streets safe and clear of vehicles. For more information visit [oakville.ca](http://oakville.ca).

**Both sides of the following streets will be temporarily signed as **No Parking/Tow-Away Zones** between July 14–24, with the restrictions taking effect from July 18–24:**
