

25 June 2020

Due to continued health concerns as well as government restrictions on travel and group gatherings during the COVID-19 pandemic, Golf Canada has cancelled all 2020 Future Links Junior Skills Challenge Provincial Qualifiers and the National Event.

The decision to cancel the events was made recognizing the varying access Canadian junior golfers will have to participate in local qualifying events this season. Golf Canada will look to resume the Future Links Junior Skills Challenge program in its traditional format next season. Qualifications for the 2021 Provincial Qualifiers will be based on scores posted on the 2021 National Leaderboard, local events hosted between August 19th, 2019 and late spring 2021 (date TBD). The age classifications on the 2021 National Leaderboard will be based on the participants' ages as of the 2021 National Event date (summer 2021; date TBD).

The decision to cancel these events was not taken lightly, but given these unprecedented times, we believe it is the best course of action. We share in the disappointment of those affected and thank all for their understanding. Should anyone have questions or concerns, please do not hesitate to reach out at futurelinks@golfcanada.ca.
